

## C. Steinweg - Soft Commodities

### Who we are

**The name of C. Steinweg Handelsveem has a strong ring in the Soft Commodity world for more than a century. Commodities like Cocoa, Coffee, Tea, Spices, Seeds, Herbs, Ground- and Tree-nuts find their home in Steinweg's warehouses all over the world, where they are handled with the care and expertise the business expects from a first class warehousing company like Steinweg.**

The Steinweg Group operates an international network of ocean terminals and warehouses. Some of these companies are real specialists in the handling of Soft commodities, providing conditioned warehouses and offering value added services with the strictest regime on food safety and most importantly with the right people.

We are a pure logistics service provider. We add value through the supply chain by efficient cargo handling and solid logistic solutions. Additionally we act as the trusted warehouse keeper in collateral financing agreements and are a recognized partner for banks that are active in trade and commodity financing (TCF).

C. Steinweg was founded in 1847 in Rotterdam by Constantin Steinweg and has always remained a privately owned company. Over the years we have developed into the multinational logistics group we are today while maintaining our status as independent company.

## Soft Commodities

**The soft commodities that are handled at C. Steinweg Handelsveem are:**

- Cocoa, Amsterdam is specialised in this commodity. Needless to say that our facilities are LIFFE and ICE approved,
- Coffee, main warehouse in Antwerp and Hamburg. Accreditations by LIFFE and ICE,
- Ground- and Tree nuts, with temperature controlled warehousing facilities maintaining the shelf life of your product. We offer blanching facilities in Rotterdam, Oosterhout and in Johannesburg. These services include reconditioning, cleaning on foreign material, grading, roasting, whole and split blanching.
- Tea, acting as independent tea blenders on behalf of our principals. In Rotterdam blending/flavoring/sieving/cleaning and repacking are part of the services we are able to offer in our dedicated tea warehouse and processing facility.
- Spices and herbs, with dedicated warehouses for a wide variety of spices and all are equipped with the necessary upgrading facilities such as reconditioning, cleaning on foreign material, grading, steam sterilization and grinding.
- Tobacco, dedicated Tobacco warehouses across Southern Africa as well as Antwerp,
- Rubber, mainly active in the storage of Rubber in Shanghai and Turkey.

**Oxygen low treatment cells were developed to be able to deliver your product free from live infestation. In all of the above the HACCP/AIB/UTZ/Organic standards are fully respected.**

## What we offer

**Our offices can organize a full range of services depending on your needs and on local laws and regulations. By using the services of a warehousing company such as Steinweg, our customers are assured of a complete worldwide market coverage.**

C. Steinweg Handelsveem is an eager partner with whom market possibilities can be developed and have the capacity to invest as such

## Service that leads to success

The expertise of the Steinweg group in this area is important to the Traders, producers and consumers who expect their logistics needs to be met by efficient logistic services.

These services include:

- Forwarding & Shipping
- Warehousing & Distribution
- Customs Clearance
- Management of environmental issues
- Security and Safety

## Why we are different

The way in which Steinweg is different from other logistic companies is related to our history of being a specialist in commodity exchange warehousing (LIFFE, ICE/NYBOT, LME, CME/COMEX, etc.) and many years of experience of working under strict regulations set by these various exchanges.

For the commodities traded on these exchanges our service offering has extended also into off-exchange collateral management agreements and other forms of in-warehouse financing.

In these transactions Steinweg takes a truly neutral position in the logistics process, in which we are equally close to traders, bankers, producers and consumers, and the trusted counterpart for all parties concerned.

Steinweg combines this with offering the very best of service and maintaining the high level of confidentiality that the business of our customers requires.

## Unquestionable quality

- Warehouse Management System developed by own programmers, with tailor made solutions, easy data access and online connections with various large clients.
- Track record of successfully developing new solutions at the special request of our customers.
- Range of various bonded warehouses, with fiscal regimes that suit the needs of our customers.
- Global network of reliable forwarding companies that offers door-to-door solutions to our customers.
- Skillful personnel with a professional approach to your needs (Worldwide more than 4000 employees).

Obviously we abide by various types of legislation related to handling, storage and transportation. We maintain safe working conditions which are controlled by our Safety Control System, follow regulations according to the Health & Safety Act and provide security maintained by the regulations of ISPS, C-TPAT.

Our Management System is certified according to the Quality Standards of ISO 9001: 2008 and we are AEO certified in our EU locations.
