

# C. Steinweg - Stevedoring

## Who we are

C. Steinweg is well known as service provider in the field of stevedoring, warehousing, forwarding, chartering and other related logistics services in various locations in Europe, Asia, Africa and the America's. Due to our origin as a commodity warehouse for the metals, ferro alloys and steel industries, Steinweg has always been close to the mining companies and smelters and has over the years developed into a rock solid partner in project cargo.

The C.Steinweg Group operates an international network of ocean terminals and warehouses. As a pure logistics service provider, we add value through the supply chain by efficient cargo handling and solid logistic solutions. We offer outside and inside storage, global forwarding as well as inland distribution by every possible means of transportation. In addition we act as the trusted warehouse keeper in collateral financing agreements and are a recognized partner to banks that are active in trade and commodity financing (TCF).

Discretion, reliability, neutrality, confidentiality and security play vital roles in conducting our business. Because of this C.Steinweg is a truly global company that confronts the challenges of the 21st century.

C. Steinweg was founded in 1847 in Rotterdam by Constantin Steinweg and has always remained a privately owned company. During the years we developed into the multinational logistics group we are today while maintaining our status as an independent company.

## Worldwide stevedoring & port operations

Loading and unloading of liner vessels and / or charter vessels is what we do in Rotterdam but also worldwide at our own facilities in Hamburg, Antwerp, Genoa, Trieste, Baltimore and Sohar or elsewhere through berth arrangements with the local Port Authorities / Operators.

Specialized in such commodities as base metals, steel, ferro alloys, bulk minerals, granite, wood and project cargo, our stevedoring facilities are very experienced to handle these goods. We load and unload multi purpose, breakbulk and bulk deep sea vessels and barges with experienced gangs in the most efficient and professional way. Containers on multi purpose vessel are handled with most efficiency.

Our stevedoring operations are available 24 hours 7 days a week.

Our equipment is modern, environmentally friendly and maintained according to high standards. All equipment meets high safety levels and is approved by international certification organisations.

Our harbour cranes have lifting capacities up to 100 mt. More lifting capacity can be arranged. While most of our terminals are designed to handle all kinds of cargo in open air and covered storage facilities, we have also a state of the art (magnetic handling + RFID) dedicated steel handling terminal in Rotterdam.

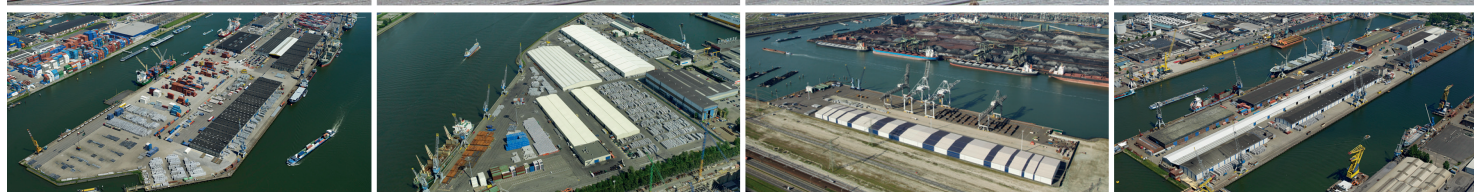

## Rotterdam

Our main stevedoring activities concentrated in the port of Rotterdam. The 4 main terminals are:

1. Beatrix
2. Botlek
3. Waalhaven Pier 1
4. Hartel

All terminals have rail and barge access and excellent connections to the nearest highway for road-transportation. Tailor made IT solutions can be implemented for all transport modalities.

## Fact sheet terminals Rotterdam

### Beatrix Terminal

**Area:** Waal / Eemhaven

**Draft:** 11.65 mtr Bea / 9.65 mtr Friso

**Cranes:**

**Shipping lines calling terminal:**

**Specialty:**

**Outside space / covered warehouse:** 250.000 sqm / 60.000 sqm

**Quay length:** 1900 mtr

11x max 60 MT

MACS / CCNI / Wilson / Cargow / DFDS / Murmansk Shipping / Samskip

Metals / Steel / Project Cargo / Ro-Ro ramp

### Botlek Terminal

**Area:** Botlek

**Draft:** 13 mtr (Outerquay) / 9.65 mtr (Innerquay)

**Cranes:**

**Shipping lines calling terminal:**

**Specialty:**

**Outside space / covered warehouse:** 300.000 sqm / 90.000 sqm

**Quay length:** 900 mtr

Multiple cranes 30-45 MT and 2x max 100 MT mobile GW

Gearbulk / Rovamar / Cosco / Chipolbrok

Metals / Steel / Project Cargo / Ro-Ro ramp

### Waalhaven Pier 1

**Area:** Waalhaven

**Draft:** 10.65 mtr

**Cranes:**

**Shipping lines calling terminal:**

**Specialty:**

**Outside space / covered warehouse:** 84.000 sqm / 50.000 sqm

**Quay length:** 1000 mtr

4x 17-30 MT and 1x 100 MT GW

Cosco / Chipolbrok / Rovamar / Murmansk Shipping

Nonferrous / Project Cargo

### Hartel Terminal

**Area:** Maasvlakte 2

**Draft:** 16 mtr

**Cranes:**

**Shipping lines calling terminal:**

**Specialty:**

**Outside space / covered warehouse:** 130.000 sqm / 20.000 sqm

**Quay length:** 560 mtr

4x gantry upto 65 mtr and 1 mobile 100 MT GW

Rovamar

Magnets for Steel Slabs - plates / RFID system / Project Cargo

Nonferrous Metals

**ISPS**

## Where we are

Apart from Rotterdam we operate terminals with sufficient indoor storage space in the following ports:

- Antwerp, 1000 mtr quay and 200.000 sqm
- Hamburg, 1350 mtr quay and +/-100.000 sqm
- Genoa, 925 mtr quay and 80.000 sqm
- Trieste, 322 mtr quay and 76.500 sqm
- Sohar, 950 mtr quay and 5.000 sqm
- Baltimore, BMCT Terminal, 300 mtr quay and 67.000 sqm

Besides these stevedoring facilities, we operate warehouses located all over the world. The complete overview of our offices and warehouses is mentioned on our website: [www.steinweg.com](http://www.steinweg.com)

## Accreditations

Obviously we abide by various types of legislation related to handling, storage and transportation.
