**Date / Place:** 27/09/2023, Sohar  
**To:** All relations  
**From:** C. Steinweg Oman LLC (CSO)

**Subject:** Suspension of access to terminal in case of tire explosions and/or oil leakage  
**Reference:** CSO/MO/2023/09/13

Dear valued relation,

We hope this communication finds you well.

Lately, CSO observes an increase in incidents whereby trucks, collecting and/or delivering cargo to our premises, are in poor technical condition. Despite several notifications in the past, the amount of truck tire explosions has increased significantly, at our parking as well as in the terminal. This results in unsafe situations, with the risk of severe injury or even casualties.

We hereby require all clients to only use properly maintained trucks and trailers, and frequently check the condition of their trucks and specifically of the tires and hydraulics in order to safeguard an acceptable condition, and considerably reduce the before mentioned safety risks.

In case of a tire explosion and/or oil leakage, CSO will suspend access to the terminal of subject truck for 7 Calendar days, as per immediate effect. CSO always reserves the right to do unannounced checks on the condition of the trucks arriving to the terminal and, upon its own discretion, can suspend access to our premises until further notice.

In case of questions please contact your account manager.

Your sincerely,

  
Hendrik van Mierop  
Chief Executive Officer  
C. Steinweg Oman LLC
